CMS Roofing Inc
3920 Butler Road
Fort Wayne, IN 46898-8585
(260) 482-7663

Dear Property Owner:

GAF is proud to recognize CMS Roofing Inc as a GAF Master Select™ Roofing Contractor (our highest certification level). To achieve this status, a contractor must consistently demonstrate the capability and resources necessary to perform the highest quality work to help protect your valuable investment. In all, less than 1% of the contractors in the U.S. have qualified for the prestigious Master Select™ distinction. As a result of their status, CMS Roofing Inc is also qualified to offer you several exclusive manufacturer's programs only available to Master Select Contractors.

Our Master Select™ contractors are the backbone of our certified contractor program, and we're privileged to have CMS Roofing Inc as part of this very select group. We know that they would be honored if you were to choose them to perform your roofing work.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark J. Tofar". The signature is fluid and cursive, with a long horizontal stroke at the end.

President and Chief Executive Officer
GAF
