Carlisle SynTec Enhances its Quality Recognition Program with New Awards

(Carlisle, PA) – Carlisle SynTec, a leading manufacturer of single-ply roofing materials, recently named C.M.S. Roofing, Inc as a recipient of its 2011 Perfection Award. The Perfection Award, determined by historical installation quality metrics, recognizes only Carlisle's most dedicated and quality-minded authorized contractors.

“Carlisle is pleased to recognize C.M.S. Roofing, Inc's commitment to quality with this Perfection Award,” said Nick Shears, Carlisle's vice president of sales and marketing. “We greatly value those Carlisle contractors who pursue not only excellence, but perfection, on each and every job.”

The Perfection Award is a distinction that recognizes only the top 5% of Carlisle's contractors annually. Honorees of the award are determined on the basis of a series of quality oriented metrics, including installation quality and warranty claim performance.

About Carlisle SynTec: Carlisle SynTec, headquartered in Carlisle, Pennsylvania, has been manufacturing single-ply membrane roofing systems for nearly half a century. Carlisle SynTec is a business segment of Carlisle Construction Materials and has manufacturing facilities in Carlisle, Pa; Greenville, Ill.; Senatobia, Miss.; and Tooele, Utah. For more information, call 800-479-6832 or visit www.carlisle-syntec.com.
